

ICEBAR STOCKHOLM EVENT POSSIBILITIES

DÉCOR

Customize the décor to match your brand and event style. Digital screens, lighting, floral arrangements, and the bar can all be easily tailored. We also have a Cricut machine that can create bespoke stickers.

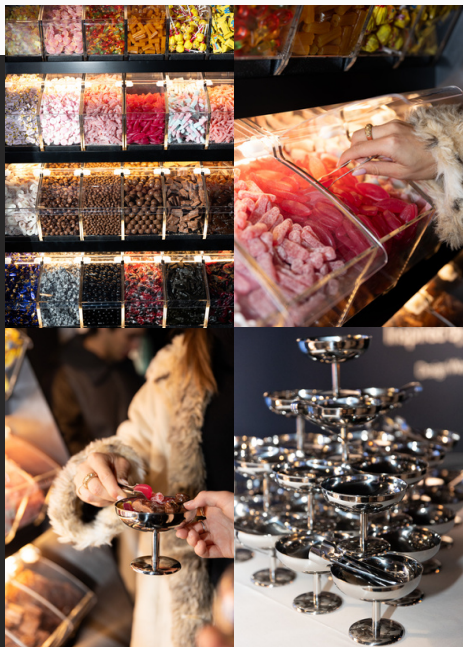

DJ

DJ in the ICEBAR! We provide external speakers, and the DJ brings their own mixer.

CANDY

We have a candy stand in-house! The LED panel and candy cups can be branded.

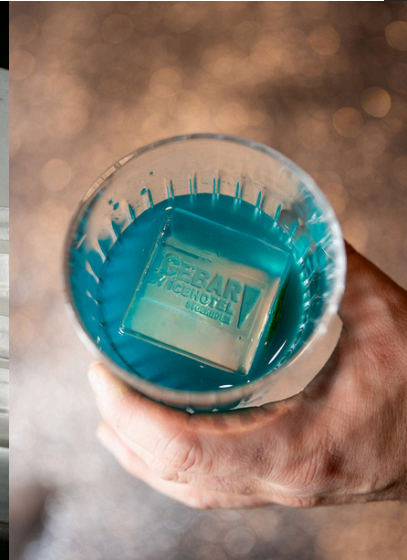

LOGO IN ICE

With proper advance planning, our friends in Jukkasjärvi (ICEHOTEL) can sculpt a logo and/or drink menu into an ice block.

DRINKS

We can assist with ordering an ice stamp for ice cubes featuring your logo or another design. And of course, we can tailor the drinks' ingredients and colors to match your theme!

ICE SCULPTING

We offer ice sculpting led by an experienced sculptor, using ice blocks from the north.

FOOD

Classic 'fika', oysters, bratwurst with sauerkraut, or a "Cool Fika"? Our beloved kitchen is flexible and adapts the food to suit the character of your event.
